

# Addendum to Argonne National Laboratory's Information Technology Access Agreement for the Argonne Leadership Computing Facility

This addendum to Argonne National Laboratory's Information Technology Access Agreements includes additional terms specific to the Argonne Leadership Computing Facility.

You agree to Argonne's Cybersecurity policies outlined or incorporated by reference in the Argonne National Laboratory Information Technology Access Agreement.

- SSH access requires a passcode token.
- No group accounts allowed.
- No sharing of accounts or of passcode tokens.
- You will keep your remote system secured and free of viruses, malware, spyware.
- You will report suspicious activity or security breaches (including your remote system) to [support@alcf.anl.gov](mailto:support@alcf.anl.gov)
- You agree to abide by all policies stated at <https://www.alcf.anl.gov/user-guides/policies>

These policies may be amended or updated from time to time, and without prior notice.
